Tina DeLeon celebrates Air France birthday at French Ambassador's residence

This has been a very eventful week for Air France as celebrations took place around the world to celebrate the company's

"90 ans d'elegance" The USA was no exception and we are so thrilled that Amicale's own Tina DeLeon was part of a very "elegant" gathering held at the extremely "elegant" residence of the French Ambassador in Washington.

One of the most magnificent homes in the DC area, purchased by the French government in 1936, this opulent venue was the perfect backdrop for a celebration of this nature, and thanks to Tina, a very elegant ambassador herself, for reporting "live from the scene" and for sharing some photos with us of this memorable occasion

The Air France crew were on hand to greet guests and mingle
